## *Education - Kindling the Love of Learning*

*The purpose of education is not to indoctrinate children with one's values; it is to make them capable and well equipped. So they can learn how to conduct themselves in the world. For example, how to read, how to write, how to learn, and if they want to know about a particular subject, how to browse and look for it on the web. These are the things they need to be taught.*

*I like giving children food for thought. Whether it is Faith or Atheism, Rationalism or Communism, whatever it is, don't indoctrinate or brainwash them. Let everything be their personal discovery. We don't need to infuse them with beliefs. Personally I am opposed to children being given religious education and I didn't do it when I was running the school. In the prayer I wrote for the School there is not even the name of any god. It is a totally impersonal ideal, not even God. An impersonal principle, a cosmic law that the children pray to, invoking that spirit of enquiry and love. That is what I like.*

*Inculcate the love of learning in children, give them the ability to think, and do not limit their thinking.*

*Children should be given a free environment where they can learn, where they can pursue and form their own values.*

*One should have free thinking, free thought. If we teach them all kinds of concepts about God or no-God, what kind of freedom is it? What kind of free thought is it if we brainwash small children? What I would do is, not to give them any such concepts! If they have the desire to seek something, they will follow it. In my view, that is free thought.*

*There should be free, all-round development. And it should depend upon the individual. That choice, that freedom, should be given to every child, to every human being, every adult – not only the child. Questioning everything is the correct thing. Let the children question everything.*

## AUTHOR OF THE TERM

A book is a magical thing that lets you travel to faraway places without ever leaving your chair. It is a way for children to reach out to the world, and it improves their thinking process. The more they read, the more they will know. They discover new ideas and imagine the places and people of faraway lands through reading.

To inculcate love of reading from the tender age, the School conducted an Inter House Competition 'Author of the Term' on 19 August 2017. Leo Tolstoy, one of the greatest authors of all time and a children's author, Leslie McGuire were selected as the authors of the term for the senior (VI to X class) and juniors (III to V class) respectively. Copies of the stories 'Spark Neglected' and 'Three Questions' by Leo Tolstoy and 'Mustang', 'Picnic at the Black Rock', 'Mad dog in the big city', 'Goblins and others' by LesLie McGuire were provided to the students well in advance from the School library.

Jhansi and Ruthika of class IX and Ananya and Hasini of class V meticulously conducted the Inter House Competition in a quiz format. The seniors had four rounds covering the life history of Leo Tolstoy, questions from the given stories and extracts in "Who said?" round. On the other hand, the juniors had title and visual rounds besides four pass on rounds covering the life of Leslie McGuire and the given stories. All houses participated with extreme zeal and competitive spirit. The audience too responded well and answered the questions in the Audience round enthusiastically.

### House positions:

J U N I O R S	I Place	-	Einstein	S E N I O R S	I Place	-	Buddha
	II Place	-	Mahatma		II Place	-	Krishnadevaraya
	III Place	-	Buddha		III Place	-	Einstein
	IV Place	-	Krishnadevaraya		IV Place	-	Mahatma

### Overall House positions:

Buddha & Einstein - I place  
 Krishnadevaraya & Mahatma - III place

The Hon. Correspondent, Major Suresh Babu and the Principal, Colonel C V Ramanayya witnessed the programme. They congratulated the winners and complimented them for their competitive spirit and enthusiasm. The Correspondent encouraged the seniors to read the novels Anna Karenina and War and Peace which are the two masterpieces of Leo Tolstoy.

# CBSE TEACHER TRAINING PROGRAMME

Quality is never an accident; it is always the result of an intelligent effort.

The School organized a capacity-building teacher training programme under the guidelines of the CBSE on 12 and 13 August 2017. The resource persons were Mr. E. Daniel Raju, Joint Director of CBSE, Center of Excellence, Kakinanda, Ms. Jayanthi Venkataraman, a recipient of many awards such as Paul Harris fellowship award for her excellence in the field of teaching, presently working as the Principal of Sister Nivedita School, Hyderabad and Mr. Sunny Phillip, an expert CBSE trainer, presently working as the Vice Principal of Shantiniketan Vidyalaya, Secunderabad.

Teachers were trained in the contemporary and innovative teaching methods such as classroom management, learning styles, behavioural changes, lesson plans, professional assessment and advancement techniques, classroom environment, classroom rules and structure. The training made the teachers aware of the changing scenario in education, culture and working atmosphere of the school and the pivotal role played by the teachers in imparting quality education. It engaged the teachers in various group activities such as enacting different practical classroom situations, preparation of charts, lesson plans and other multitasking activities. The interactive brainstorming session provided the teachers an insight on school curriculum and equipped them with the necessary skills and expertise for effective classroom management.

The Hon. Correspondent Major Suresh Babu, the Principal, Colonel C V Ramanayya presented the resource persons with the School mementos as a token of gratitude.

## CYCLE EXPEDITION

Cycle is a boon to those who live in cities and towns. They can do much needed physical exercise as well as contribute their mite towards reducing green house gases produced by vehicles.

Such activity for the school children not only provides them with many advantages but also gives them the chance to enjoy themselves at countryside where nature reigns. Moreover, it is a great eco-friendly way for fitness, which can be enjoyed by both kids and adults alike.

Students of VI and VII classes went on a 20 km adventure on cycles on Sunday, 6 August 2017. The School believes that education is not merely book learning but also should include character building. Adventure activities such as cycling train the children to face adversity and physical stress cheerfully. The School conducts such activities frequently. Although the day was scorching, the students cycled well to reach the campsite. The students started from Ongole and went up to the hills near Marlapadu. They climbed the hills and enjoyed themselves and were educated about the flora and fauna around the hill.

They passed their time in laughing, talking, cracking jokes and playing games. All enjoyed themselves climbing the trees and swinging from the roots of the banyan tree. They played softball, volleyball, skipping and football before they left the campsite. Teachers, non-teaching staff, the Principal and the Hon. Correspondent accompanied the children to ensure safety. Finally, the children returned to Ongole by 5 pm welcoming the sudden rainfall. They were very much tired but were filled with many happy memories and fun.

## GREEN COLOUR DAY

Nature is colorful and bright and human ingenuity cannot hope to match it. Right from the sky above to the sea below, nature abounds in the richness of colour. The human eye and mind respond to this world of colour and identify themselves with it. When a person is cheerful and bright we refer to him as a colorful personality.

Our tiny tots of Kindergarten grandly celebrated the Green Color Day on 18 August 2017. They did various group activities, sang songs and rhymes. They brought green toys and vegetables from their homes with great interest. The Kindergarten sections and the venue, Babuji Hall, were adorned with green ribbons, balloons, buntings and flowers. They also made exquisite cutouts of leaves, parrots, butterflies, tortoise, and kites. They did sand activity, handprint activity, collage activities, coloring the pictures, drawings, and many other activities. Kids coloured them all in brilliant shades of green. The display boards were filled with different pictures of green trees and vegetables. It brought a natural look and it was very amusing to watch all the kids in green dress. They sang English and Telugu songs and rhymes like “Green! Green! We like green...”, “There is a green colour..”, “Pachaa Pachaa Aakulanta Yenniyello...” They also enjoyed themselves asking the audience riddles and puzzles.

The Correspondent, Major Suresh Babu and the Principal, Colonel C V Ramanayya witnessed the Green Day celebrations. They said that such programmes would prepare the child for regular school and foster creativity laying a solid foundation for their future. The Kindergarten teachers were complimented for their hard work.

# IMMUNIZATION CAMPAIGN AGAINST MEASLES AND RUBELLA

**'Prevention is better than cure.'**

Immunization was done on 8 August 2017 for all the children below the age of 15 in the School against Measles and Rubella which commonly affect children below 15 years. The staff of Andhra Pradesh Department of Health on behalf of the Ministry of Health and Family Welfare, Govt. of India in association with the World Health Organisation, UNICEF as well as Lions Club International did the immunization.

A consent form bearing the student particulars was given to every student and they were asked to get the parental consent in advance. The programme commenced in the morning and concluded by afternoon. The School management provided the personnel of the Health Department concerned with all the necessary amenities to enable them to conduct the immunization smoothly.

## ROLE PLAY- I CLASS

When children do role-plays, they naturally become someone or something else. Role-play stimulates their imagination and enhances their social development, encourages friendship through cooperation, listening and turn taking. Therefore, role-play is a really vital activity for our children.

The School conducted a role-play on 29 August 2017 for class I in Babuji hall. The objective was to showcase their abilities. Students dressed up as doctors, engineers, policemen and teachers. They came out as Telugu Talli, Sri Krishnadevaraya, Jhansi Rani, Abdul Kalam, farmer, pilot, magician, soldier, cricketer, priest, fairy, plumber, to name a few.

The students participated in a fashion show with great splendour and grandeur. They showcased their skills on the ramp representing the various states of India wearing their traditional dresses. They looked good and natural in their finery. They wore Punjabi, Patiyala, Gaghra, half saree and other traditional dresses. Their dresses, hairstyles, and accessories in the show enthralled the audience. The role-play brought out the fact that the fabric of Indian culture is woven with customs and traditions.

The students were thoroughly prepared by their teachers. It was fun watching the students expressing themselves in a forthright manner. Students had a lot of fun enacting the various roles. The kids not only looked beautiful in various costumes but also filled the air with joy and happiness. There was huge applause from the audience.

The Hon. Correspondent, Major Suresh Babu witnessed this event and said that children have to keep up the spirit of creativity and learning. Children naturally imitate grown-ups. This inspires their play. Their learning is a combination of their own deep inner drive to grow and learn, coupled with their imitation of the adults which interweaves all through the early childhood.

## ROLE PLAY- II CLASS

Activities that develop and build on children's self-esteem are important in helping children learn who they are. Role-play, including acting out scenarios, story making through dramatic play and practice in coping with real life situations will support children's social-emotional growth as they progress through life.

The School conducted a role-play on 30 August 2017 for four sections of class II in Babuji hall. The primary purpose of these role-playing exercises is to get students to look at the material they are learning in a new light.

Students participated and performed their roles excellently in various role-plays such as Message From A Doctor on Junk Food, Save Trees, Importance of Vaccination, Everyone Is Important and Special, Our Helpers, Banking System, Importance of Book Reading, Parent Teacher Meeting in schools, Unity is Strength, Role of TC in a Train, Message from a Farmer, A Green Grocer and A Party Leader Canvassing in an Election. Students in suitable costumes performed their characters effectively in the role-plays. They showed their hard work and won the hearts of the audience. Role-plays help the children to imbibe the quality of inquiry and transform the content of education from information into experience.

The students were thoroughly prepared by their teachers. It was fun watching the students expressing themselves through various characters. Students had a lot of fun enacting the various roles. The students not only looked gorgeous in various costumes but also filled the air with joy and happiness. This programme inspired the students to understand the needs and perspectives of the people around them. There was a huge applause from the audience.

The Hon. Correspondent, Major Suresh Babu and the Principal, Colonel. C V Ramanayya witnessed this event and lauded their outstanding performance. They said that allowing children to act out real life situations gives them the opportunity to learn about real-life environments and situations at their own pace. It can also build confidence in them.

# INDEPENDENCE DAY CELEBRATIONS

The School celebrated the 71st Independence Day with pomp and grandeur on 15 August 2017.

The auspicious programme commenced at the open ground in front of the primary classes where the Principle, Colonel C V Ramanayya hoisted the national flag. The playground was wet due to heavy rain and cancelled the usual school march past. The students were well turned out and wore the national colours on their chests proudly and saluted the national flag as they sang the national anthem. Later, the students went to their classes and were distributed biscuits.

The cultural programmes celebrating the Independence Day commenced in the Babuji Hall. On this auspicious occasion the Principal, Colonel C V Ramanayya reminded the students of the immeasurable sacrifices of those who fought for the freedom of our nation and exhorted the students to ensure that their sacrifices were not in vain. Later, the cultural programmes started with great enthusiasm. VII class girls and boys sang a patriotic song 'Bharat Vandemataram'. Fabulous dances were performed by VII class girls and boys for the songs 'I Love My India' and 'Suno Gaur se Duniyawaley' respectively and were cheered by the audience with thunderous applause. Various students dressed in the costumes of patriotic leaders viz., Mahatma Gandhi, Netaji Subhash Chandra Bose, Bal Gangadhar Tilak, Lal Bahadur Sastri, Mangal Pandey, Bhagat Singh, Chandra Sekhar Azad, Lala Lajpat Rai, Sardar Vallabhbhai Patel and Dr. Rajendra Prasad. They spoke the slogans and dialogues of these great leaders on the stage. A message oriented skit by VII class boys inspired the audience teaching that there is more power in unity than division and so, we must always remain united irrespective of all our social, linguistic and religious differences.

The Hon. Correspondent, Major Suresh Babu concluded the programme by thanking the parents and teachers for their active participation and cooperation. He complimented the students for their splendid performance on that stage. The Hindi Department was lauded for their hard work.

## TREKKING

VIII, IX and X class students enthusiastically participated in a trek over Marlapadu hills on 27 August 2017. 172 students began the expedition at 7 am from Nellore bus stand, Ongole. One of the aims of this activity is to improve their self-confidence and to challenge them physically and mentally so that they develop resilience and mental toughness.

This trekking was conducted under the supervision of the Hon. Correspondent, the Principal and all the gent staff to ensure safety. During the adventure, the students climbed some hillocks and discovered their innate abilities. Later, a good number of students readily accepted the given challenge to trek the final hill, which was steeper and higher than the previous ones. Despite feeling tired, students enjoyed trekking in the lap of nature to the maximum. This kind of adventures not only caters to basic training in adventure sports but also provides leadership qualities and personality development in the children.

Dr. B S Reddy, one of the directors of our school witnessed the trekking and provided first-aid at the campsite. He said that it was surprising to see the students' tireless strength and strong determination. He felt that the PT sessions every morning in the School and this type of adventures brought down the percentage of obesity among our School children. He also felt that children were benefited and learnt to overcome their fears and are able to participate in the adventure sports without fear.

Children proved that their interest and enthusiasm would never allow them to rest. They thoroughly enjoyed games like Softball, Volleyball, Football, Badminton, Kabaddi and Chess even after the difficult trekking. Some of the children climbed the Neem and Banyan trees at the campsite while their friends took photographs and videos. The teachers also played games with the children and bonded with them. The children returned home by 4 pm after a weary adventure that was filled with fun and delightful memories.

## TELUGU BHASHA DINOTSAVAM

Telugu Bhasha Dinotsavam was celebrated in the School on 29 August 2017 with enthusiasm on the auspicious occasion of the 154 birth anniversary of Sri Gidugu Rammurthi Panthulu, who contributed his mite for the glory of the Telugu language. The programme commenced with the garlanding of the photo of the scholar Sri Gidugu Rammurthi Panthulu by the Hon. Correspondent, Major Suresh Babu.

Ms. Anudeepa, a student of IX class spoke about the significance of Telugu language, the Italian of the East, and the contributions of Sri Gidugu Rammurthi Panthulu for the promotion of the Telugu language. The venue, Babuji hall was decorated attractively with the photos of the renowned poets, writers and reformers of Telugu Literature. Essay writing competition, was held on this occasion for classes I to X. The Hon. Correspondent gave merit certificates along with complimentary gifts to the winners who showed their proficiency in essay writing. He spoke about the need for improvement of pronunciation and writing skills in Telugu language and asked the teachers to make it simpler and closer to what an average person speaks.

## HEALTH CHECK-UP

It is very true that Health is Wealth. It is only our good health, which stays with us in any bad or good circumstances. If our health is good, we can bear any tough circumstances in our life. If one is not healthy, one would definitely not enjoy life. Regular health check up can help find problems before they start, when the chances for treatment and cure are better.

The School organised a health check up on 16 and 17 August 2017 for the children to know their health condition and make parents aware of health problems if any. Dr. B. Srinivasulu Reddy and Dr. P. Vinay Kumar, who are very experienced doctors of Ongole, examined the students and suggested them health tips. Experts from The Modern Eye Research Center, Ongole checked the eyesight of every child in the School. The health report of every child is sent to the parents to take any follow up action for their children if necessary.

## INTER HOUSE CARROMS CHAMPIONSHIP

Carroms is one of the world's favourite indoor board games. The game is believed to have originated hundreds of years ago. Carroms is a game that requires skill, practice and determination as well as physical dexterity. It can be played at all ages and its popularity is steadily growing.

An Inter House Carroms Championship was held on 16 and 17 August 2017. Girls and boys of IV to X classes participated enthusiastically in the league matches separately. Two girls and two boys were selected class wise and house wise for the semi finals. Children showed their techniques in flicking the striker with index shots, middle finger shots, thumb shots and scissors style. They used their skill in shooting the pieces into the right pockets on the board. In the finals, children gave their best in the game to sink their pieces before their opponent managed to sink theirs. There was a tug of war among all the houses for the first place. However, Einstein house showed an outstanding performance and bagged the first place. Krishnadevaraya won second place and Buddha and Mahatma houses shared the third place.

## STORYTELLING

Children all over the world love listening to stories. They want to know more about their favourite characters and often try to emulate them. By telling and listening to stories, children can learn a meaningful message and inculcate qualities like wisdom, courage, honesty, etc. from an early age. But, nowadays, with the tremendous amount of pressure on young parents, the complexities of a nuclear family, lesser amount of free time available, and the addiction towards technological gadgets, the art of storytelling for kids is getting lost.

Storytelling is very interactive. As a story progresses and develops, children ask questions. This is a great learning activity. Storytelling was conducted for Kindergarten children on 31 August 2017 in Babuji Hall. Teachers decorated the stage with colourful puppets, toy animals and soft toys. Tiny tots of UKG told the story, 'Monkeys and A Merchant,' where as LKG kids brought out the importance of healthy food habits through their wonderful story. The timing of their gestures and expressions while telling the stories were very cute and enthralled the audience.

The Hon. Correspondent Major Suresh Babu and the Principal, Colonel C V Ramanayya witnessed the programme and appreciated the tiny tots for their wonderful performance.

## Inter House Drawing Competition

**“A picture can paint a thousand words.”**

As a primary visual language, essential for communication and expression, drawing is as important as the development of written and verbal skills. The need to understand the world through visual means seems more acute than ever. Images transcend the barriers of language, and enhance communication in an increasingly globalised world.

Drawing has creative, expressive and educational value. It remains fundamental to translating and analyzing the world. To bring out the creativity and the artistic talent in our students, a drawing competition was conducted on 21 August 2017 for classes I to X. All the students participated enthusiastically in the competition and showcased their talent and creativity in drawing and filling colours in various interesting themes.

These kinds of programmes will prepare the child for regular school and lay a solid foundation for their future. These programmes introduce the child to the joy of learning and help to open the young minds, bring all round growth and shape their personality. The Hon. Correspondent, Major Suresh Babu and the Principal Colonel C V Ramanayya awarded the merit and participation certificates in the School assembly.

House wise positions:

- I Place - Mahatma
- II Place - Buddha & Krishnadevaraya
- III Place - Einstein

## TEACHER'S DAY

In India, 5 September is celebrated as Teacher's Day as a tribute to the contribution made by teachers to the society. 5 September is the birthday of the great philosopher, Dr. Sarvepalli Radhakrishna, who loved learning, and was a well-known diplomat, scholar, President of India and above all a teacher.

The teachers and children of the School celebrated Teachers Day on 5 September 2017. The Hon. Correspondent, Major Suresh Babu and the Principal, Colonel C V Ramanayya garlanded Dr. Sarvepalli Radhakrishnan's photo. Later, the Principal spoke about the greatness of Dr. Sarvepalli Radhakrishna and gave a valuable message to the students.

The students decorated their classes and wrote inspiring quotes about teachers on the black boards, showing their love and respect for their beloved teachers. Students of IX and X classes made a power point presentation on their teachers based on their unique personality. The students lovingly gave colourfully decorated greeting cards to teachers which were made by themselves. It was touching to see how hard the children worked to prepare nice cards to show their appreciation for their teachers. The teachers blessed the children and wished for their bright future.

The management hosted a sumptuous lunch and light snack with tea in the evening for all teaching and non-teaching staff.

## GROUP DISCUSSION

## ON PERSONALITY DEVELOPMENT - CLASS VI

**Reputation is what people think you are. Personality is what you seem to be. Character is what you really are.**

The word 'personality' is a broad term. It combines in itself the characteristics and qualities which give a person a distinct identity. These things distinguish a person from others. Thus, personality development is not an overnight task. Personality development is the outcome of many factors which include attitude, thinking, behaviour, will-power, confidence, concentration, and even humour to name a few.

150 students of VI class students participated in four extensive discussions and skits on 'Personality Development' in Babuji Hall on 8 September. 24-26 students participated in each discussion and others performed message oriented skits. They proved that good personality can be developed through academic success and practicing moral values in life. The entire programme reminded us of the fact that the primary goal of academic education in schools is to enable students to gain both knowledge and moral values. They also discussed whether our academic system is equipped to bring about overall development of the student.

The discussions were indeed successful in imparting the truth that moral teaching to the children is greater in homes, schools or colleges because greater part of their formative period is spent at these places. Parents as well as teachers should patiently explain what is right to their children. Their own behaviour should be an example for their children to follow. Then we can anticipate that moral degradation of youth is no more a major problem in emerging India.

Parents attended the programme in large number. They spoke at the end of the programme and appreciated the wonderful performance of the students. They commended their English pronunciation, meticulous preparation and the stage management. Finally, the parents distributed the merit certificates to all the participants. The Hon. Correspondent, Major Suresh Babu and the Principal, Colonel C V Ramanayya congratulated the students and thanked the parents for their excellent support. They said it is not possible to anyone to discuss all the dimensions and elements of Personality Development at one go. So the second part of this topic will be continued on a later date taking up some other factors which help to enhance personality.

## INTER HOUSE SPELL BEE COMPETITION

The valuable learning outcome of spell bee results in the children gaining competency over vocabulary and spellings. The ability to understand more words will allow children enjoy reading extensively and excel in writing as well.

The School conducted an Inter House Spell Bee contest House wise, for both juniors and seniors on 12 September 2017. A preliminary round was conducted in which around 15-18 students were selected from each class and the final contest was conducted in Babuji Hall. In the first round, seniors were asked five spellings each. The best scorers qualified for the second round in which they had to give the right spelling and usage. On other hand juniors were asked five spellings in the first round and three more difficult words in the second round.

The children in the audience cheered and encouraged their houses. The Hon. Correspondent, Major Suresh Babu appreciated the performance of the children. The Principal, Colonel C V Ramanayya appreciated the winners and said a child's confidence level is boosted after entering into such competitions. Merit certificates were award to all the winners.

The winners are:

### Juniors

## GRANDPARENTS DAY

Who is waiting most eagerly for you to come home after school? Who will always cuddle, hug, comfort you and never scold you? Who will tell you interesting stories, make you happy, and give sensible advice? It is of course, your grandparents. Grandparents have immense love for their grandchildren and pamper them a lot. At their age they are free from other responsibilities and can afford to play with their grandchildren and immerse them in love. But, as nuclear families are becoming more common, many children stay away from grandparents and can't spend much time with them. Such children wait eagerly to meet them in vacations when they can get their share of love and care from the grandparents.

The grandparents are an indispensable part of the family to young minds. They understand the needs and the changing demands of the next generation and deal with them with sympathy. Parents these days are a harassed lot. They have too many things to do with too little time. Grandparents have the time and inclination to spend with grandchildren.

The School organised Grandparents Day on 9 Sep 2017. Our tiny tots amidst their affectionate grandparents and even great grandparents celebrated the occasion grandly in Babuji Hall. The venue was adorned with colourful bunting, balloons and painted cut outs of pots, flowers, trees, birds, clouds, fish, fruits and many other art objects. Children spoke in their sweet tones why they love their grandparents. Some said it was because they make tasty snacks and delicious dishes and tell interesting stories to them. Others spoke of the love showered on them by their grandparents. The tales or stories that the elderly tell at the bedtime to their grandchildren help them learn a lot about life and also develop their interest in social events and activities.

The School organised fun filled and exciting games like musical chairs, grade the grains, pass the ball and puzzle games. The grandparents participated in all games and proved that they are still strong and have competitive spirit. The grandchildren encouraged their grandparents to win in every game. LKG and UKG participated in tug of war separately and showed their might. The grandparents cheered their grandchildren to hold and tug the rope firmly to win the game. The parents and the grandparents of our tiny tots enjoyed this day of fun with their grandchildren.

The Hon. Correspondent and the Principal witnessed the programme and expressed their gratitude to the grandparents and parents and distributed the prizes for the winners in different fun games.

## HANDWRITING CAPSULE

Handwriting is a predictor of success because good handwriting has a positive impact on grades. Cursive writing helps students, both young and old. Children will have a very hard time with writing in print because a few of the letters look similar, particularly 'b' and 'd'. Children can produce legible writing comfortably, and understand the different fonts, if they are encouraged to put a little conscious effort.

Handwriting improvement classes were conducted on 18 August 2017 for I to V class children. The objective was to improve their normal handwriting styles consisting of shapes, sizes, slants, spacing between letters, words, line alignments in a beautiful, legible and understandable way. Mrs. Parvathi, teacher from the English department, gave an excellent handwriting training for the children. She explained how to hold the pen, and the distance that must be maintained between the eye and the book position on the desk. She clearly illustrated how the letters- tall, X-height, even and hanging letters must be written on upper, middle, base and lower lines. The children showed great enthusiasm to enhance the beauty of their handwriting.

The Hon. Correspondent and the Principal witnessed the programme and encouraged the children to put the learned handwriting techniques in to practice when they write in their books and examinations.

# FIELD TRIPS

## EMU FARM - CLASSES I & II

On 11 & 21 August 2017, class I and II students went on an educational field trip to see an Emu farm located at Kanduluru near Ongole. Their firsthand experience in a field trip can provide children with information and a level of understanding that adds elements of realism and enriches their overall learning.

They stared at the large birds with long neck and legs. Students were excited to know the many amazing facts about Emus. They came to know that they have good eyesight and hearing ability, which allow them to detect threats from far off.

They stared at the eggs, which were dark bluish green in colour with an average weight of 450 to 700 gms. They were astonished that the lifespan of the bird is 30 - 35 years. The productive economic life of the bird is 20 - 25 years. Students were very happy to see and touch the big eggs of the birds. They also enjoyed the loud booming, drumming and grunting sounds of Emu birds, which can be heard up to 2 km away.

Children really enjoyed themselves seeing such strange big birds for the first time. Such educational field trips not only encourage them to discover more about birds and nature but also give students adequate practical knowledge about real life as opposed to mere book knowledge. This field trip not only gave the young children lots of fun but they also attained valuable learning experiences about the birds and nature.

## MILK DAIRY- CLASS-III

Learning through field trips benefits students to develop their visual literacy. Involvement in a real world experience makes learning more meaningful and memorable compared to regular classroom. Students can develop inquisitiveness, questioning ability, practical knowledge and reasoning ability by outdoor activities.

The students of III class visited the Ongole Milk Dairy on 5 August 2017. The students were glad to see the entire functioning and processing involved in the collection of milk, purification of milk, pasteurization, packing and the extraction of ghee and butter. The personnel of the unit explained the process from the arrival of milk at the unit to the dispatch of the finished product to the consumer. They also explained about the extraction of ghee and butter and how they are stored in a huge cold storage. The students also visited the milk powder unit and learned about the extraction of milk powder. The students were very excited and happy to learn so much about milk products.

The students enthusiastically observed everything and asked many questions. They noted down a lot of information during the field trip and returned to the School filled with delight.

## THERMO COL FACTORY - CLASSES IV, IX & X

Learning through field trips benefits students by introducing them to a real life environment where classroom learning is shown in real time. This integrates the trip actively with their curriculum. Students develop inquisitiveness, questioning ability, practical knowledge and reasoning ability by outdoor activities.

The students of X class visited a Thermo Col factory at Gundlapalli on 5 August 2017. And classes IX and IV students took their turn on 11 August 2017. Whenever we see Thermo Col used in protective packaging like CDs, DVD cases, and other electronic appliances, many questions about it are raised in our minds. The mystery behind thermo Col was revealed to IV, IX and X class students in this trip. The personnel of the unit explained them the stages involved in the process of making thermo Col. Students understood that thermo Col is a commercial name like Coca-Cola. It is a chemical bonding of polystyrene (a synthetic petroleum product) molecules, which develops a substance named stretch polystyrene. Thermoplastic granules are expanded through application of steam and air. Expanded granules become much larger in size but remain very light. This substance was named Thermo Col, which is nowadays is manufactured through a simple process.

There, it was proved that 'children are always children' as they enjoyed blowing a handful of thermo Col balls into air. The students asked many questions, which were patiently answered by the personnel of the factory. The students enjoyed their trip and came back enlightened, as thermo Col was no longer a mystery to them.

## SERICULTURE UNIT - CLASSES - V & VII

As a part of a continuous effort to educate our students on practical application of theory classes V and VII class students were taken to a sericulture farm located at Chimakurty on 7 and 16 August 2017 respectively.

The students have Sericulture as a part of their lesson. The objective of this field trip was to give them practical knowledge instead of abstract knowledge. Students learnt that sericulture comprises cultivation of mulberry, silkworm rearing and post cocoon activities leading to production of silk yarn. They wondered to see and know that the silkworm extrudes a silk fibre and forms a net to hold it. It swings its head from side to side in a figure '8' distributing the saliva that will form silk.

The students were very happy to gain useful information and watch the practical methods of their Science lesson -Sericulture. Teachers and students conveyed their gratitude to the personnel for their patience and passion in explaining sericulture.

## GRANITE FACTORY - CLASS - VIII

Industrial visits are very important to every student. They help enhance their awareness, practical knowledge, interpersonal and communication skills.

On 7 August 2017, our school organized a field trip for class VIII students, to a granite factory, which is located in Gundlapalli near Ongole. Students were excited to see the gigantic machines used in cutting, polishing and carrying the granite stones. They observed that very few workers are being used; machines did the major portion of work and some processes were fully automatic. The personnel told children that they export these shining granite stones to other countries like USA, UK and Italy.

First of all, they collect raw stones from various places such as Chimakurti, Nadendla and Karim Nagar etc. Huge cranes lift these big stones to the workbenches. They cut their edges into uniform dimensions using wire-saw rope, which is made by diamond powder. These granite stones get different shades like black forest, moon white, tan brown, forest yellow, and black galaxy etc. The most expensive and famous granite is black galaxy.

The field trip provided the students an insight into a real working environment. Students and teachers conveyed their gratitude to the personnel of the factory who clearly explained all the manufacturing process.

## PRAWN HATCHERY- CLASS- VI

Students have tremendous educational possibilities through field trips, as they learn more from actual hands-on experience, rather than by simply reading a book or listening to the teacher in their classrooms.

VI class students visited Sai Saran Prawn hatchery at Eethamukkala on 14 August 2017. They learnt that sea algae were brought from Cochin to feed the prawns. They also observed algal cells under the microscope and found black rectangular spots on it and practically observed the Tyndall effect involved in prawn hatching. While they were on the subject they also learnt about low and high tides in the sea.

Students felt that the field trip was educative, interesting and fun. Field trips are not only give lots of fun but they can also be very valuable learning experiences for all students and help them to build background knowledge, which is very important for success in school and life.

## అమరావతిలో

### హెరిటేజ్ విలేజ్

ఆంధ్రప్రదేశ్ రాజధానిగా అమరావతి రూపకల్పన జరుగుతున్న తరుణంలో కేవలం సాంకేతిక సౌకర్యాలతో ఆధునిక నగరంగా రూపుదాల్చడంతో తృప్తిపడకుండా దానిని సాంస్కృతిక రాజధానిగా కూడా తీర్చిదిద్దాల్సిన అవసరం ఉంది. ఈ విషయాన్ని సక్రమంగా చేయగలిగితే అమరావతి ప్రపంచానికే మార్గదర్శకమై పేరుప్రఖ్యాతులు గడించగలుగుతుంది.

ఇటీవలే ఆంధ్రప్రదేశ్ ముఖ్యమంత్రిగారు తెలుగు భాషాసంస్కృతుల భవిష్యత్తును నిర్దేశించే విధానాల రూపకల్పన కోసం ఒక సంఘాన్ని ఏర్పరచిన నేపథ్యంలో అమరావతిలో సమగ్ర సాంస్కృతిక విధానాన్ని అమలుపరిచే విధంగా ఒక వారసత్వ గ్రామాన్ని ఏర్పరచాల్సిన అవసరం ఉంది.

వారసత్వ గ్రామం (హెరిటేజ్ విలేజ్) పరికల్పనను గురించి చెప్పే ముందు భాషాసంస్కృతుల విషయంలో మనం చూపాల్సిన గౌరవాన్ని గురించి ముందు తెలుసుకోవలసి ఉంది.

భాష అన్నది జంతువుల నుంచి మనిషిని వేరుచేసే జైవిక సత్వం. సంస్కృతికి వాహికగా పనిచేయడంలో భాషే ప్రధాన పాత్ర పోషిస్తుంది. అందువల్ల తెలుగులాంటి అత్యంత ప్రాచీన భాషను మాట్లాడే కోట్లమందిని గౌరవించి ఆ భాషకు ప్రథమ స్థానాన్ని ఇవ్వడం మన కర్తవ్యం. ఆధునిక జీవితంలో నిలదొక్కుకోవడానికి ఆంగ్లం అవసరమే. కానీ తెలుగు భాషకు ప్రథమ స్థానం దక్కాలి. ఆంగ్లాన్ని కూడా చక్కగా నేర్చుకుంటే ఎవరికీ అభ్యంతరం లేదు. రేపు రాబోయే తెలుగు భాషా ప్రాధికార సంస్థ అమరావతితోబాటు ప్రతి నగరంలో, పట్టణంలో, గ్రామంలో తెలుగును మొదటగా గౌరవించి, ఆ తర్వాత ఏ భాషనైనా గుర్తించే ప్రతిజ్ఞ చేయాలి. దానికి తగిన ప్రణాళికను రూపొందించుకోవాలి.

అమరావతిలో నెలకొల్పదగిన వారసత్వ గ్రామం తెలుగు భాషాసంస్కృతుల వారసత్వాన్ని ప్రతిబింబించేలా ఉండాలి. సుమారు వంద ఎకరాల స్థలాన్నయినా కేటాయించి, భాషాసంస్కృతులకు సంబంధించిన ప్రతి విషయానికీ సంబంధించిన అవగాహన కలిగేలా ఈ వారసత్వ గ్రామాన్ని రూపొందించాలి.

ఒకప్పుడు రవీంద్రభారతి ప్రాంగణంలో ఉండే కళాభవన్ తెలుగు భాషాసంస్కృతులకు ప్రతీకగా ఉండేది. ఆంధ్రప్రదేశ్ సాహిత్య అకాడెమీ, సంగీత నాటక అకాడెమీ అద్భుతమైన ఫలితాలను సాధించాయి. మాండలిక పదకోశాలు, మహాభారతం సంపుటాలు, ప్రాచీన సాహిత్య ప్రచురణలు మొదలైనవన్నీ సాహిత్య అకాడెమీకి దేశంలోనే గొప్ప అకాడెమీగా పేరుతెచ్చిపెట్టాయి. దీన్ని విస్తృతపరిచి మొత్తం ఆంధ్రప్రదేశ్ భాషాసంస్కృతుల్ని ప్రపంచమంతా తెలుసుకునే విధంగా రూపకల్పన జరగాలి. ప్రపంచం నలుమూలల్నుంచి వచ్చే పర్యాటకులకు ఇది గొప్ప ఆకర్షణ కావాలి.

ఈ వారసత్వ గ్రామంలోనే తెలుగు సంస్కృతిని ప్రతిబింబించే గొప్ప వస్తుప్రదర్శనశాలను ఏర్పాటు చేయాలి. ఇది చిరకాలంగా ఉన్న మధుర స్వప్నం. ఇది కలగా నిలిచిపోకుండా సాకారం కావాలి. తెలుగునాట వెలసిన వైదికమతం, జైన బౌద్ధాలు, ఇతర మతాలకు సంబంధించిన ప్రతిరూపాలతో, శిల్పాలతో, వాస్తుధోరణులతో ఈ వారసత్వ గ్రామం తెలుగువారి జీవితాన్ని కళ్ళకు కట్టేలా దర్శింపచేయాలి.

శిల్పారామంలోలాగా, ఇంకా విస్తృతమైన పరిధిలో తెలుగువారి ఆచారాలు, సంప్రదాయాలు, శిల్పకళ, కలంకారి, వివిధ వృత్తులు, జానపద కళలు మొదలైనవన్నీ సజీవంగా దర్శనమిచ్చేలా రూపకల్పన జరగాలి. ఇవి కేవలం ప్రదర్శనగా మిగిలిపోకుండా వ్యాపార పరంగా కూడా లాభాన్ని ఆర్జించే విధంగా ప్రణాళిక రూపుదాల్చాలి. తెలుగు భాషాసంస్కృతుల అభివృద్ధి కోసం, పరిశీలన, విశ్లేషణ జరగడం కోసం సాహిత్య అకాడెమీ, సంగీత అకాడెమీ, నాటక అకాడెమీ, జానపద అకాడెమీ, చిత్రకళా అకాడెమీ ఇక్కడే చోటుచేసుకోవాలి. తెలుగు భాషాప్రాధికార సంస్థ, తెలుగు అకాడెమీ, పుస్తకప్రాధికార సంస్థ, తెలుగువారి లలిత కళల శిక్షణ సంస్థ మొదలైనవన్నీ ఇక్కడే రూపుదిద్దుకోవాలి.

వారసత్వ గ్రామంలో ప్రవేశించి వెలుపలికి వచ్చేసరికి ఆంధ్రప్రదేశ్ వేల సంవత్సరాలుగా గడించుకున్న వారసత్వ సంపద అంతా అవగాహన అయ్యేట్లుండాలి. తిరుమల తిరుపతి దేవస్థానంవారు, శ్రీశైలం, శ్రీకాళహస్తి, సింహాచలం, ద్రాక్షారామం మొదలైనవారు తమతమ దేవాలయాల ప్రతిరూపాలను నెలకొల్పటం ద్వారా ప్రేక్షకులకు కనువిందు కల్పించడంతోపాటు ఆధ్యాత్మికంగా అవగాహన కల్పించినట్లవుతుంది. తెలుగు వారి కళలు, భాష, పుస్తక సంపద, జానపద జీవితం, మాండలికాలు, చరిత్ర, రాజవంశాలు, పర్యాటక స్థలాలు మొదలైన అన్ని విషయాలకు సంబంధించిన సమాచారం ఒక్కచోట లభించేట్లుగా ఈ వారసత్వ గ్రామాన్ని రూపొందించడం అవసరం.

ఇది తెలుగువారి చరిత్రలో ఒక మైలురాయిగా నిలిచిపోతుందనడంలో సందేహంలేదు.

**ఆచార్య రాళ్ళపల్లి సుందరం**

**మార్చి- 2017, మిసిమి వారి సౌజన్యంతో**

## గజానన్ తామన్

మార్చి- 2017, మిసిమి వారి సౌజన్యంతో

## తెలుగులో ఇంటర్నెట్ వక్రత్య పోటీలు

విద్యార్థులలో సంభాషణా చాతుర్యము, భావవ్యక్తీకరణ, మాతృభాషాభిమానము, భాషా సామర్థ్యాలను పెంపొందించుచేయడానికి నిర్దేశించబడిన కార్యక్రమంలో భాగంగా 11-8-17 న 5వ తరగతి నుండి 10వ తరగతి వరకు వారి స్థాయిలకు తగ్గట్టుగా వివిధ అంశాలపై తెలుగులో వక్రత్య పోటీలను నిర్వహించారు. దీని ద్వారా విద్యార్థులు ఆత్మవిశ్వాసాన్ని, నాయకత్వ లక్షణాలను పెంపొందించుకుంటారు.

తరగతి	విషయము
9 మరియు 10	నేటి సమాజానికి సమిష్టి కుటుంబం లేదా వ్యష్టి కుటుంబం ఏది అవసరం?
7 మరియు 8	సామాజిక మాధ్యమాలు మానవునికి ఉన్నతికా? వినాశనానికా?
5 మరియు 6	విద్యాభ్యాసంలో పోటీతత్వం అవసరమా? అనవసరమా?

మాతృభాష పట్ల ఆసక్తి పెంపొందించుచేయడానికి, ఈ పోటీలను తెలుగులో నిర్వహించడం జరిగింది. ఈ పోటీ విద్యార్థులలో నైతిక మరియు సామాజిక విలువలను పెంపొందించుకోవడానికి తోడ్పడుతుంది. 'నేటి సమాజానికి సమిష్టి కుటుంబం లేదా వ్యష్టి కుటుంబం ఏది అవసరం?' అనే అంశం 9 మరియు 10వ తరగతులకు ఇవ్వబడినది.

ఉమ్మడి కుటుంబాలలో సభ్యులందరూ స్నేహపూర్వక వాతావరణంలో మెలుగుతూ క్రమశిక్షణ, పరస్పర సహకారాలను అందించుకోవడం, పెద్దలను గౌరవించడం, సాంప్రదాయాలను నేర్చుకుంటారని అందువల్ల ఉమ్మడి కుటుంబ వ్యవస్థ మంచిదని సానుకూలంగా స్పందిస్తూ, యస్. యస్. యస్. సూర్యకిరణ్, బి. సాయిలిఖిత, సి. హెచ్. జస్వంత్, ఆర్. రితిక తమతమ వివరణలను ఇవ్వగా, వాటికి ప్రతికూలంగా ఆ అంశంలోని లోపాలను ఎత్తిచూపుతూ వ్యష్టి కుటుంబాలలో వ్యక్తిగత స్వేచ్ఛను, స్వతంత్ర ఆలోచనలు పెరుగుతాయని ఇ. జాహ్నవి, వి. మనోజ్, కె. ఆశ్రితవాత్సల్య, యమ్. రాఘవేంద్ర తమ ప్రసంగాన్ని చక్కగా వివరించారు.

సామాజిక మాధ్యమాలు మానవుని ఉన్నతికా? వినాశనానికా? అనే అంశాన్ని గురించి వివరిస్తూ, మానవుడు తన సాంకేతిక పరిజ్ఞానంతో తయారు చేసిన సామాజిక మాధ్యమాల ద్వారా ఏ సమాచారాన్నైనా, ఎంత దూరమైన అందించగలుగుతున్నారని వివిధ ఉదాహరణల ద్వారా 7 మరియు 8వ తరగతి విద్యార్థులు వై. సంపత్ కుమార్, వి. సాయివినయ్ వర్మ, వై. శ్రీతేజ, ఆర్. మణిదీప్లు, ఈ మాధ్యమాలు మానవుని ఉన్నతికేనని సమర్థించారు. వీరిని వ్యతిరేకిస్తూ ఎ. కీర్తన, జె. మ్. పవిత్ర, వి. కేతన్ శర్మ, వి. సాయిప్రణీత్లు సామాజిక మాధ్యమాలు మానవ సంబంధాలను దూరం చేస్తున్నాయనీ, సమాజంలో విలువలను నశింప చేస్తున్నాయనీ, అంతేగాక పుస్తక పఠనం అనే వ్యాపకం పూర్తిగా నశించిపోతుందనీ, ఆరుబయట ఆడే ఆటలు తగ్గిపోతున్నాయని తమ ప్రసంగాన్ని చక్కగా వివరించారు.

విద్యార్థులలో పోటీతత్వం అవసరమా? అనవసరమా? అనే అంశంపై మాట్లాడుతూ యస్.కె.ఫహమిల్ హుస్సేన్, యమ్.ఇందుమతి, జి.శైలుబృంద, పి.గౌతమ్ పోటీతత్వం ద్వారా విద్యార్థులు తాము చేసిన తప్పిదాల ద్వారా క్రొత్త పాఠాలను నేర్చుకోవచ్చనీ, ఇతరులకంటే ఎల్లప్పుడూ ముందుండాలనే తత్వం అలవడుతుందని సమర్థించారు. దీనిని వ్యతిరేకిస్తూ కె.రూత్ మాధురి, టి.అరవింద్, పి.విష్ణువర్ధన్, యమ్.కళ్యాణదీప్ పోటీతత్వం అనేది విద్యార్థులలో మానసిక ఒత్తిడిని పెంచడానికి కాదని, కేవలం మార్కుల సాధనే లక్ష్యం కాకూడదని, సమగ్రమూర్తిమత్వ వికాసం అభివృద్ధి చేసుకునే విధంగా ఉండాలని ప్రసంగించారు.

ఈ డిబేట్ విద్యార్థులలో విషయజ్ఞానాన్ని, పరిజ్ఞానాన్ని పెంపొందిస్తూ ప్రస్తుత సమాజంలో సమకాలిక అంశాలకు సంబంధించినదిగా ఉంది. గౌరవనీయులైన ప్రిన్సిపాల్ కల్చల్ సి.వి రమణయ్యగారు ఈ డిబేట్లో పాల్గొన్న విద్యార్థుల ప్రతిభను మరియు వారికి సహకారాన్ని అందించిన తెలుగు డిపార్ట్‌మెంట్‌ని అభినందించారు.

## నీరు

నేను మా తల్లిదండ్రులతో కలిసి మా బంధువుల ఊర్లకు వెళ్ళేటప్పుడు రైలులో ప్రయాణించేదాన్ని. రైలు బ్రిడ్జి మీదకు రాగానే లోతైన నీటి ప్రవాహాన్ని, నీటి శబ్దాన్ని చూడటమంటే నాకు ఎంతో ఇష్టం. కాని ఇప్పుడు అలా ప్రయాణించేటప్పుడు రైలు నుండి క్రిందికి చూస్తే ఎండిపోయిన నేల తప్పితే ఏమీ లేదు. పెద్దపెద్ద పరిశ్రమలు, వాటి నుంచి విడుదల చేసే విషరసాయనాల వల్ల జల జీవరాశులు కూడా చనిపోతున్నాయి. జీవనదులు ఎండిపోయి మనకు నీటి కొరత పెరుగుతుంది. కొన్ని ప్రాంతాలలో నీళ్ళు లేక ఎన్నో కిలోమీటర్లు నడిచి నీటిని తెచ్చుకుంటున్నారు. సకాలంలో వర్షాలు కురవడం లేదు. భూమి వేడెక్కుతుంది. అడవులను నరికి వేస్తున్నాము. పైగా మొక్కలను పెంచడం లేదు. 'మన నదులే మనకు జీవనాధారాలు'. 'మన సంస్కృతి-నాగరికత మన నదుల దగ్గర ప్రారంభమైనాయి అని పుస్తకాలలో మనం చదువుకుంటూ ఉంటాం'. కాని ప్రత్యక్షంగా చూడాలంటే జీవం లేని ఎడారి నదీ ప్రాంతాలను చూస్తున్నాము. నదులను పునర్జీవనం చేసుకునే కాలం వచ్చింది. మనం చేయవలసినదల్లా ప్రతి పెద్ద నదికి రెండు వైపులా ఒక కిలోమీటరు వరకు చెట్లుండాలని, అంతరించి పోతున్న జీవనదులకు ప్రాణం పోయాలని, 16 రాష్ట్రాలను పర్యటించి జీవనదుల విలువలను పెంపొందించే విధంగా ప్రచార కార్యక్రమాన్ని నిర్వహిస్తున్నారు సద్గురు శ్రీ జగ్గీ వాసుదేవగారు. పెళ్ళూరు ప్రాంతం నందు ఉన్న మా పాఠశాల ప్రాంగణం ముందు ఆగి మా తోటి విద్యార్థులతోటి మాట్లాడిన సద్గురు శ్రీ జగ్గీ వాసుదేవగారితో మాట్లాడే అవకాశం నాకు కలగక పోయిన ఆయనను చూచే అవకాశం కల్పించారు మా పాఠశాల యాజమాన్యం వారు. అది ఎంతో ఆనందాన్ని కలిగించింది. వాసుదేవగారు చెప్పినట్లుగా జీవనదులను కాపాడుకుందాం.

## ప్రకృతి అందాలు

ప్రపంచంలో మానవులు పొందిన గొప్ప వరం ప్రకృతి. ఈ ప్రకృతిలో ఎన్నో అద్భుతాలు, అందాలున్నాయి. చూడచక్కని సూర్యోదయం, వెన్నెల, నల్లని మేఘాలు, పక్షుల బారులు, చెట్లు, కొండలు, కోనలు, గలగల పారే జలపాతాలు, అలలతో ఎగసిపడే సముద్రాలు, పూలతోటలు, సీతాకోక చిలుకలు, నెమళ్ళు ఇవన్నీ ప్రకృతి అందాలే. మానవుడు ప్రకృతిలోని అందాలను ఆస్వాదిస్తూ, ప్రకృతి ధర్మాలను తనకు తాను అనుకూలంగా మలుచుకున్నాడు. అసలు చూచి, ఆనందించి, ఆస్వాదించే మనసు ఉండాలే కానీ ఈ సృష్టిలో ప్రకృతిని మించిన అందం, ఆనందం మరొకటి లేదు. ఇలాంటి ప్రకృతిని మనం అందరం రక్షించుకోవాలి. మనం అన్నింటిలోనూ, ఎంతో అభివృద్ధి చెందాం, చెందాం అని అనుకుంటూ కాలుష్యాన్ని పెంచుకొని, ఈ ప్రకృతి అందాన్ని చెడగొట్టుకుంటున్నాం. కాబట్టి కాలుష్యాన్ని నివారించడంలో అభివృద్ధిని సాధిద్దాం.

వచ్చింది జెండా పండుగ  
జరుపుకుందాం మనసు నిండుగ

## నా అభిప్రాయం (తెలుగు వక్రత్వము)

మా పాఠశాలలో ఎన్నో ఆక్టివిటీస్ జరుగుతాయి. అవి జరుగుతున్నప్పుడు, వాటిలో పాల్గొంటున్నప్పుడు నా మనసుకి ఎంతో ఆనందం కలుగుతుంది. అదే విధంగా తెలుగు వక్రత్వ పోటీలను నిర్వహించారు. అందులోకూడా నేను పాల్గొన్నాను. ఈ కార్యక్రమం జూనియర్స్ కి సీనియర్స్ కి వేరువేరుగా పోటీ జరుపబడింది. జూనియర్స్, సీనియర్స్ విభాగం వారికి ఇవ్వబడిన అంశములు నాకు ఎంతగానో నచ్చాయి. ఇలాంటి పోటీల వలన ఎన్నో ప్రయోజనాలుంటాయని తెలిసింది. ఇందులో పాల్గొన్నవారికే కాకుండా విన్నవారు కూడా ఈ అంశాలకు సంబంధించిన సమాచారాన్ని తెలుసుకొని, మరింత విజ్ఞానాన్ని పెంపొందించుకోవచ్చు. ఇలాంటి అంశాలపై అవగాహన కలగటానికి ఇవి ఎంతగానో తోడ్పడతాయి. పైగా మన మాతృభాషలో మాట్లాడటం ఎంతగానో సంతోషాన్ని కలిగించింది. నలుగురు ముందు భయం లేకుండా మాట్లాడటం భవిష్యత్తులో ఎంతగానో ఉపయోగపడుతుంది. కాబట్టి విద్యార్థులందరికి నేను ఇచ్చే సలహా ఏమిటంటే ఇలాంటి వాటిలో భాషా భేదం లేకుండా పాల్గొనండి. బహుమతులు పొందండి.

వై.శ్రీతేజ, 8వ తరగతి,  
ఐరిసెస్ 2910

## సమయం- విలువ

అబ్బా! నిన్న ఈ సమయానికి ఈ పని నేను చేసి ఉండాల్సింది. ఇప్పుడేమో అసలు ఖాళీలేదు. ఏం చెయ్యాలి? త్వరగా పని ముగించుకొని ఇంకొక పని మొదలు పెడదామంటే ఒక తెగదు. ముడిపడదు అని అంటూ ఉంటారు. ఇలాంటి మాటలను మనం మన ఇంట్లోవాళ్ళో, బయటవాళ్ళో, పక్కంటివాళ్ళో ఎవరో ఒకరు అంటూ ఉంటే, వింటూ ఉంటాం. మన నిత్యజీవితంలో ఎన్నెన్నో పనులు చేయాలనుకోవడం, సమయం సరిపోలేదని, మనల్ని మనమే విసుకోవడం, బాధపడటం తరుచూ జరుగుతుంది. అస్సలు సమయం దొరకలేదంటే, ఇష్టం లేని పనుల నుంచి, చేయలేని పనుల నుంచి తప్పించుకునేందుకు ఈ మాటలను వాడుతుంటారు. సమయాన్ని మనం నిర్లక్ష్యం చేస్తే అది మనల్ని నిర్లక్ష్యం చేస్తుంది. సమయం విలువ తెలియకపోతే మనకు ఏమీ తెలియనట్లే! కాబట్టి ఏ సమయానికి ఆ పనులను చేసుకుంటూ, ప్రగతి బాటవైపుకు అడుగులు వేద్దాం.

ఐరిసెస్ 3912

## పరీక్షలు బాబోయ్, పరీక్షలు

ఏంటీ! తెగ ఆలోచిస్తున్నావు? అని మూడీగా కూర్చుని ఉన్న నా చెల్లెలను అడిగాను. అంతే! ఏడవటం మొదలు పెట్టింది. ఏమి జరిగింది? అంతలా ఏడవాల్సిన అవసరం ఏమిటి? అని నేను అడిగితే! తను ఇచ్చిన సమాధానం “రేపటి నుండి మా పాఠశాలలో పరీక్షలు అక్కా” దీనికి ఏడవటం దేనికి? చదువుకుంటే సరిపోతుంది కదా! అప్పుడు మా చెల్లెలు ఈ విధంగా అన్నది. నేను చదువుదామని వుస్తకం తీశాను. అబ్బో! అన్నీ ‘కలగాపులగంగా ఉన్నాయి’. ఏ సబ్జెక్టు నాకు అర్థం కావటంలేదు అక్కా అసలు ముందు ఏ సబ్జెక్టు చదవాలో కూడా తెలీయడం లేదు. అందుకే..... అని మరలా ఏడుపు ప్రారంభించింది. ‘ఓస్ ఇంతేనా’ దీనికా ఏదేదీ. మనలో చాలా మందికి పరీక్షలంటే చాలా భయపడతారు. మనం కష్టపడి చదివితే ఏ భయం ఉండదు అని మా అక్క అనడంతో, ‘పో అక్క నువ్వు ఎప్పుడు ఇలానే చెబుతావు’ చెల్లీ నేను చెప్పేది విను. తరగతి గదిలో ఉపాధ్యాయులు చెప్పే పాఠాలు శ్రద్ధగా విని, ఏవైనా సందేహాలు ఉంటే ఉపాధ్యాయులను అడిగి తెలుసుకొని, చెప్పిన నోట్సు జాగ్రత్తగా వ్రాసుకొని, బాగా చదివి, ఎప్పటి హోంవర్క్ అప్పుడు పూర్తి చేసుకుంటే, పరీక్షలంటే భయమే ఉండదు. అలా కాకుండా రేపు పరీక్షలనగా, వుస్తకాన్ని ఆ రోజు తీసి చదివితే అంతా ‘కలగాపులగమే’. పైగా సబ్జెక్టు ఏమీరాదు. ‘చివరకు పరీక్షలు బాబోయ్ పరీక్షలు’ అని భయపడాల్సి వస్తుంది. కాబట్టి నా తోటి మిత్రులకు నేను చెప్పేది ఏమిటంటే, పాఠాలను శ్రద్ధగా విని, బుద్ధిగా చదువుకొని పరీక్షలనే భయాన్ని తరిమేద్దాం! .

పి. గౌతమి, 6వ తరగతి,  
ఐరిసెస్ 2633

## మా గురువులు

తల్లిలాగా ఆదరించి  
తండ్రిలా బుద్ధి చెప్పి  
మంచి దారిలో బోధించి  
జీవితాన్ని రూపుదిద్దే మార్గదర్శకులు  
మా గురువులు

సూర్య దీపంలాంటి మా గురువులు  
చంద్రబింబం లాంటి విద్యార్థులు  
దారిని చూపే వుస్తకాలు  
ఇవే మా భవిష్యత్లోని నిర్దేశాలు

మౌనిక రాణి, 7వ తరగతి,  
డెఫోడిల్స్ 3882

## JOKES

Teacher: What is the purpose of having schools?

Student: Without schools there wouldn't be a reason for holidays and summer vacation.

Teacher: Why are you sleeping in the class?

Student: Your voice is so sweet, madam.

Teacher: Then why are other students not sleeping?

Student: They are not listening to you madam.

Teacher: Who is an outstanding student?

Student: A student who stands outside the class everyday.

Teacher: Name two pronouns.

Student: Who? Me?

Teacher: Correct answers.

Teacher : Tom, if you have a 100 rupee note and you asked your mother for another 100 rupee note, how much money do you have?

Tom : 100 Rupees.

Teacher : Don't you know additions?

Tom : But sir, you don't know about my mother!

Teacher : Write your father's name in English.

Student : 'Butter Red Government'

Teacher: What does it mean ?

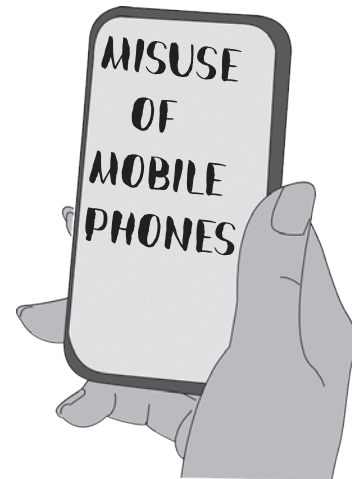

Student: My father name is ' Makhhan lal sarkar'.

There is no doubt that mobile phones are very useful as a means of communication and entertainment. But it is a matter of concern that most of the students are misusing their valuable time on Whatsapp, Facebook, Instagram and some other social websites. Nowadays, students have been indulging in sending indecent messages and pictures to their friends through their mobile phones.

Many of them use their mobile phones while driving without following traffic rules and they put their lives at risk as well as others. Therefore, mobile phones should be banned in all schools and colleges so that no student will bring their mobile phones to school or colleges. The parents must be vigilant at all times when their children carry mobile phones outside or inside the house.

## My Dad.

My dad is the most extraordinary man to me. Though I meet many people in my life, my dad is always the best. I feel secure and protected when he is with me. I just wanted to thank him for being such a mindblowing person. I mean he is really a fantastic father. The care he shows on me is a unique feeling. My father is my great teacher. He is the only man like no other could be. He gave me life. He nurtures me, teaches me and fights for me. But most importantly he loves me unconditionally. I have no words to describe his infinite love on me. He influences me in every day of life. He plays with me like a kid and gives me advices like a friend and protects me like a bodyguard. Love you dad, I am very happy to have you!

Y. Kyathi  
IX Irises Adm. No. 3130

**SKILL  
INDIA**

It is a matter of deep concern that the education being given in our schools and colleges has little relevance in the corporate world of today. No wonder the students who spend years to get degrees in various subjects lack the needed skills and find no jobs. It is of utmost importance that the education in our institutions is foundation oriented teaching system.

The industry needs skilled labour. The government should put focus on the study of science and technology. It's the time to open more and more technical institutes, vocational courses, market oriented subjects, courses in advanced computer applications, information technology, bio technology in schools and colleges. Only then we will be able to keep pace with the rapidly progressing world and turn India into skilled India.

## WITH A FRIEND

I talk to my friend  
I walk with my friend  
I ride with my friend  
I play with my friend  
I eat with my friend  
I share with my friend  
I stay with my friend  
I learn from my friend  
I agree with my friend  
I disagree with my friend  
I am proud of my friend  
I am jealous of my friend  
A friend can mean  
So much to me!

## A HOUSE OF A MOUSE

If I were a mouse  
And wanted a house  
I think I would choose  
My new red shoes  
Furry edges  
Fur inside  
What a lovely place to hide!  
I'd not travel  
I'd not roam  
I just sit  
In my furry home

## OUR MOTHER EARTH

Our earth gives us a lot  
It gives us clean air and pure water  
But, we give it pollution and waste in return  
Think... we must give it back something good  
Little things we do today  
Can save our planet forever  
So, let's give it back something better  
Let's join together to care and save our dear Earth.

## CARING FOR TREES

Everyone loves trees.  
Trees keep our air clean.  
They give us food and even medicines.  
Besides, it is so much fun to play  
Or have a picnic spot under their shades.  
But unfortunately, some people  
chop the trees down.  
Forests have been cut down to extend  
industries, roads and buildings.  
More and more trees are cut down for wood.  
Everyone should plant and care for trees  
And keep the world green.

S. Seksha  
VIII Orchids Adm. No. 3004

## The Tiger

The tiger is our national animal. It belongs to the cat family. Its skin consists of vertical stripes and patterns which are black in colour on reddish orange fur. A baby tiger is called cub. A group of tigers is known as a streak. Tigers usually live in tropical rain forests near water. The mother tiger hunts and feeds her baby cubs till they are two years old. It has sharp teeth and long tail. Tigers can be of various colours such as white and orange.

A tiger lives for 15-20 years. It is one of the biggest wild animals. It is carnivorous and eats other animals that it can catch. Tigers are good swimmers. They can also hunt alone at night time. Tigers are the national animals of Bangladesh, India, North Korea and Malaysia.

The tiger is an endangered animal. It is a very sad news for all of us. And the good news is that Government of India is running a programme named "project tiger" to increase the tiger population. Female tigers are smaller than the males. The main threats to the tigers' life are deforestation and poachers. I wish the programmes like project tiger around the world can save the tigers and increase the tiger population.

K. Sahana Keerthi,

Adm. No. 2871

Time is precious and valuable and we should spend the time in a positive manner since once time is spent can never be earned back. Time never stops for anybody so we should understand and spend time wisely with commitment, discipline and dedication. As a student we should spend more time in learning new things, acquiring knowledge, participating in more extra curricular activities and staying fit. Time is more expensive than money. So we should not waste our precious time.

## MY INSPIRATION

Arunima Sinha was born in 1988. She is the first Indian amputee to climb Mount Everest. She is also the first female amputee to climb Mount Everest. She was a national level volleyball player who was pushed from a running train by some robbers in 2011 while she was resisting them. As a result, one of her legs had to be amputated below the knee.

But her aim was to climb all the highest peaks in various continents and put the national flag of India on top of them. She has already done six peaks: 1. Everest in Asia, 2. Kilimanjaro in Africa, 3. Elbrus in Europe, 4. Kosciuszko, Australia and 5. Aconcagua in Argentina as the world's five highest peaks. 6. Carstensz Pyramid (Puncak Jaya), Indonesia.

Arunima Sinha is now dedicated to social welfare and she wants to open a free sports academy for the poor and differently-abled people. She is donating all the financial aid she is getting through awards and seminars for the noble cause. The academy would be named Shaheed Chandra Shekhar Vikalang Khel Academy. She wrote the book "Born again on the mountain", which was launched by Prime minister of India Narendra Modi in December 2014. She was awarded Padma Shri and Tenzing Norgay award, the highest mountaineering award.

So, I am inspired by Arunima Sinha who reached her goals overcoming her severe obstacles.

Dignity is very important in our life. Everybody should learn to behave in a well dignified manner because only dignity shows our manners. Dignified students are the only students who get more of every opportunity in every activity. We get our success depending upon our dignity and behaviour. Our dignity and behaviour bring us success and make our parents and teachers happy and proud. Then we will be respected in school, family and society.

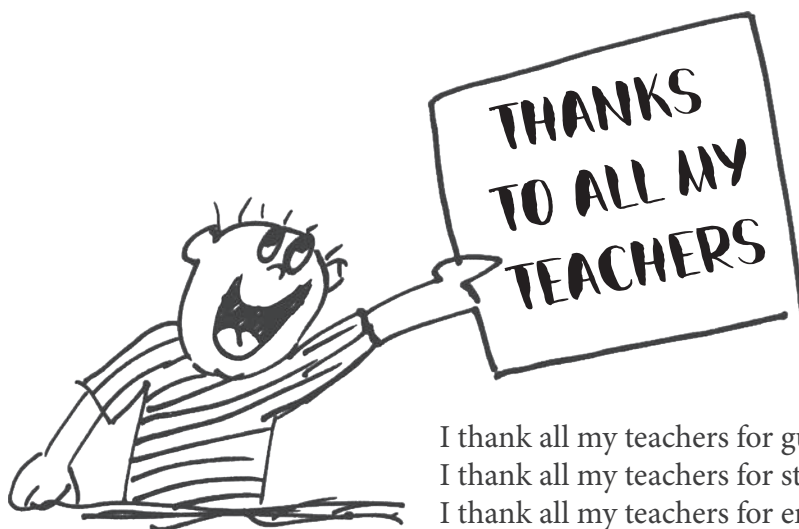

So dignity is very important in our life.

Friendship is an important part of life and having strong relationship with people will always keep you happy. Best friends will be with you to share good times and stand by you to help you overcome the hard ones. They are sincere and do incredible sacrifices without personal motives.

Friendship is about having wonderful moments with friends and sticking to them, no matter what you do or what goes on. Having a best friend is a huge bonus in life. You can share your thoughts, dreams, funtime and problems with him who understands and cares about you. Making friends is one thing but maintaining a good friendship is a matter of great importance and commitment. Your friends are your guides in life and define who you are. Friendship is a very delicate and sensitive relationship. It is like planting a seed and nurturing it to see it blossom.

I thank all my teachers for guiding me and supporting me.  
I thank all my teachers for strengthening me.  
I thank all my teachers for enlightening me.  
I thank all my teachers for encouraging me.  
I thank all my teachers for shaping me.  
I thank all my teachers for preparing me.  
I thank you for all your care and love for me.

Smile costs nothing and creates much fun.  
Smile on your faces enriches your health.  
Smile never impoverishes your peace of mind.  
Smile changes your mood.  
Smile is a great healer of pressure.  
And brings pleasure to your mind and soul.  
Smile is a form of exercise.  
Smile is a universal sign for happiness.  
So keep on smiling.

## BEAUTY

The beauty of the sunset  
Tells us to try new each day  
The beauty of the sunrise also  
Tells us this day is there to stay  
The wind blowing on the face  
Tells us life is a running race  
So get inspired by nature each day  
To make your way

## OUR PRAYER

*May my mind be always given to the spirit of enquiry  
and learning;*

*I'll never let my eye of reason be blinded  
by dry and dead habit and superstitions;*

*I do not let my mind be subject to narrow and ugly prejudices  
of class, caste, creed, religion and nationality;*

*I love my country and strive to realize the ideal of being  
a world-citizen;*

*I always act toward others, as I desire them to act toward me;*

*I do nothing that will bring discredit  
on myself, my teachers or my fellow pupils.*

*May my mind be without fear and my head always held high;*

*I will strive at all times to keep my school a lovely and  
happy place,*

*so that all of us may be proud of it.*

*This is my solemn pledge and soul's prayer!*

### **MASTERING ENGLISH**

- Spoken English compulsory in school from 1st standard
- Reading a book every 15 days from 5th Class onwards
- Many Creative writing tasks given – poems, essays and stories
- Compulsory public speaking in class and assembly
