From the Founder: Sri Sainathuni Sarath Babuji

“We can help our children learn by igniting their love of learning through creating curiosity and a spirit of enquiry in them, an appetite for learning, a hunger for knowledge. If we can kindle this, it is enough: whether we teach them something or not, the child will learn, anybody will learn. This is the key, the formula. Into this formula everything fits that has been researched and said about teaching: inducing and infusing curiosity. If curiosity is there, observation will naturally come. You can’t simply ask children to observe nature. They will observe and think, “Okay, we are observing, so what?” Because that also is simply following an instruction. Observation like this doesn’t serve the purpose. First, curiosity should be there. Then observation makes sense and serves the purpose”.

“What I am saying is, we should infuse the child with a spirit of enquiry. Even when we want him to learn a particular thing, we should begin by asking a question that creates curiosity in the child’s mind – like the state of mind of a scientist before he makes a discovery. Especially in the natural sciences and mathematics, where many discoveries have been made, this would be easy to implement. First, motivate the child with questions that make him puzzled about something – his mind should always be puzzled. Then start giving answers to the questions which you yourself have created. By posing questions, that make the child wonder, “what would be the answer?”, interest in the answer is created. Then, when you give the answer, it is like giving food to a hungry person, not simply dumping information he won’t take because it’s not needed!”

New Academic Year Starts

The school plunged into its new academic year 2014-15 with innovative curriculum and extracurricular activities. The new academic year started with a staff meeting conducted in the school library on 18 March 2014. Honorary correspondent Major Suresh Babu and the Principal, Colonel C.V. Ramanayya addressed the staff. The Principal spoke at length about the School's vision and mission, the academic year plan for 2014-15, rules and regulations of the school and the new timings of the school. He lauded the efforts of the teachers in the academic year 2013-14.

The meeting came to an end with the words of Honorary Correspondent Major Suresh Babu. "Teachers will not be evaluated based on the number of A+ grades received from his/her class, but by the care and concern shown towards the weak students."

Karate Championship

State Karate championships were held at Ambedkar Bhavan, Ongole on 16 February 2014. Both school and college students from 10 districts took part in this hard fought competition. Our school children took part and got many medals in the competition.

In the Kumite section Y.Goutam and D. Manivarun of class IX and Sk.Bhasha of class IV got gold medals. Sanket Panda of class IX, D.Bhargav of class VII and D.Vaishnavi of class V got silver medals.

In the Kata section, StithaPrajna of class II, N.Netrananda and K.J.Srinivas of class VII and I.V.S Jatin of class IX got silver medals. Sanket Panda and D.V.Vishnu of class IX got bronze medals.

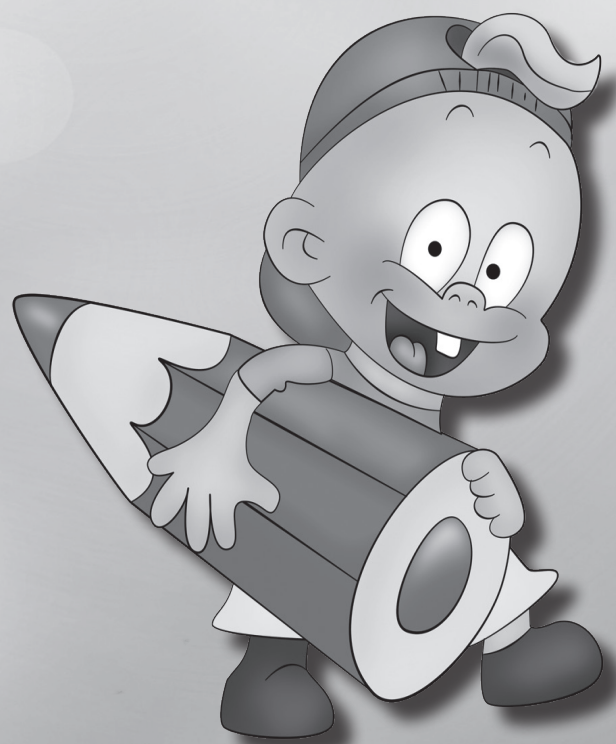

The school management congratulates these winners and also the Karate master Sri D. Venkateswarlu for their excellent performance.

జీవితం

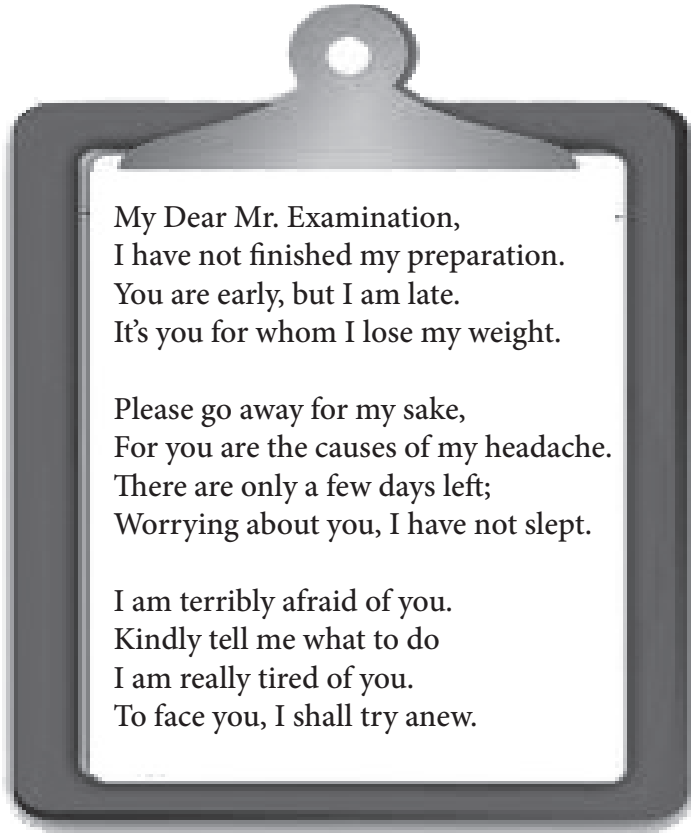

ఒక ఆకు రాలుతూ చెప్పింది
ఈ జీవితం శాశ్వతం కాదు అని
ఒక పువ్వు వికసిస్తూ చెప్పింది
జీవించేది ఒక రోజైనా గౌరవంగా జీవించమని
ఒక మేఘం వర్షిస్తూ చెప్పింది
తనలాగే మంచినీ చేయమని
ఒక మెరుపు మెరుస్తూ చెప్పింది
ఉండేది క్షణమైనా ఉజ్జ్వలంగా ఉండమని
ఒక యేరు జలజలా పారుతూ చెప్పింది
తనలాగే కష్ట సుఖాల్లో చలించకుండా సాగమని
ఒక జాబిలి వెలుగుతూ చెప్పింది
తనలాగే జీవితాంతం ఎదుటి వారిలో
వెలుగును నింపమని.

మౌనీ ... మౌనీ..

మనీ మనీ ఏమని వర్ణించును నీ మహిమని,
మనీ మనీ నీవే నా ప్రాణం అని,
మనీ మనీ మనిషి శ్వాస నీవు అని,
మనీ మనీ నీ కోసమే మా నిరీక్షణ అని,
మనీ మనీ మా జీవితంలో నీవొక భాగమని,
మనీ మనీ మా చితి వరకూ నీవు అవసరమని,
మనీ మనీ నీవు లేనిదే క్షణమైనా గడవదని,
మనీ మనీ రాముడ్ని అడవికి పంపింది నీవని,
మనీ మనీ నీ కోసమే, పోరాటాలన్ని ...
మానవాళికి ఉండాల్సింది మానవత్వం
కానీ మానవాళికి ఉండేదేమో మనీతత్వం.
ఇకనైనా

If you want to...

If you want to see,
see the beauty of nature,
If you want to worship,
worship your parents,
If you want to search,
search god within.
If you want to dream,
Dream of heaven on the earth,
If you want to solve,
solve the problem of your country.
If you want to sing,
sing the song of freedom.
If you want to live
live in other's heart,
If you want to copy
copy the great souls.
If you want to win,
win over your senses.

Fear when you are clear

Fear, When you are clear.
By seeing a toy snake,
Don't think as a real snake.
By seeing a liquid red,
Don't think as a Human Blood.
By seeing a toy Baby,
Don't think as a ghost Baby.
So, fear and make others fear,
When you are clear".

My sweet pup

I
have a sweet pup
Who loves to sleep on
any table top!
He is a roly -poly pup
And I have named it 'Lollipop'!
In the morning as soon as I get up,
From somewhere he will show up!
He will jump around me with his nose
up!
As if asking 'What's up'?
He jumps the whole day, nonstop
Up and down, Down and up!
He drinks water from a cute cup,
Slurp!Slurp! Slurp!

Thoughts for a life time

1. "Life is all about three things, winning, loosing
and sharing"
 "winning others heart,"
 "Losing bad habits,"
 "Sharing happy moments," That is life
2. There are two great days in human life;
 The day we are born and
 The day we prove why we born
3. A simple way for 'Happy Living.'
 forget two things in life ;
 The good you do for others and the bad that
 Is done by others to you
4. Whenever you feel depressed keep this in
 mind -
 " Things are yet to happen ; life is yet to go
 on
 This is just a bend, not an end !
5. Never hate people who are jealous of you, instead
 like them, because they are the ones who think you
 are better than them.

Science

Science that I know explains nature,
Study of science unfolds the future,
Deeper quest creates the mind to nature,
The hidden talents for benefits in the future.

The fall of a fruit created the law of gravity,
Power of the stream created reality,
All inventions speak loudly to infinity,
Of Mother Nature's bounteous generosity.

The birth of a child is science,
The birth of a plant is science,
The failing of rain is science,
The movement of a planet is science.

Now tell me what on earth is not science?

THOUGHT

"Success introduces you to the world;
Failure introduces the world to you."

The Best place of study

Study is a personal and lonely task. From the very beginning of the day, as a child we walked to our class room and we have been studying. The ability to concentrate depends not only our own willingness to study but also by the conditions around us.

As a student, we need to find out the atmosphere around our house that gives us the best environment for study. It is important to have a comfortable place to study. Make sure that our physical surroundings are such that we will not lose our concentration while we study. However it is us who need to do more to create the best conditions for study at home. We should feel that we will not be disturbed until we complete study as we planned. We should keep in mind that study area is our own. We should choose it wisely and should set aside a particular time and place for study.

There are certain study aids for the students. The first one could be choosing the right place at home. The best place for study could be the library. It has different kinds of books such as encyclopedia, atlas, dictionaries, newspaper and magazines. These kinds of study aids help us gain good knowledge.

At school, the teacher gives time to study every subject which is taught. So, that time schedule at school will help the student study quickly his lessons in the school.

There may be many distractions at home or in the school. It is better to go to the library to study because libraries are quiet places, without noise or air pollution. In fact, library is a good place to study.

The student, when he is studying at home or at school or in library needs to know exactly what kind of environment helps him to study without any disturbance and with perfect concentration. The materials like dictionary, pen, papers, pencil, and books should be arranged before study. It is wise to setup the study area in such a manner that it helps him to study well.

N. Hima Sri, VIII Daffodils

True Friendship

True friendship is very rare nowadays; it is becoming a fancy leaving friends for silly reasons. A true friend is a person who will always be by our side in both happy and difficult moments. He/she always guides us and shows us the right path. He/She always helps us to achieve success. True friendship is like an eternal blossom and like a never drying lake with fresh water. True friends cannot be separated forever. Everyone needs a true friend. A friend is like a teacher who always guides us. A friend is like a brother/sister who shares feelings with us. Friends should be like fish and water, which means always together. True friends are always trust worthy, we can believe them. So, if you have a true friend your life will be wonderful.

P. Sai Panya, VI Tulips

Laugh till you drop

1. Two boys at a hostel:
Krishna : Sudesh, I feel homesick, how about you?
Sudesh : No, I left home because I was sick of it.
2. Film Director: I am looking for new faces. Will you act in my movie?
Young man : But sir, I have had this face for a long time
3. Archana : If we get engaged, will you give me a ring?
Vishal : Of course. What's your number?
4. Optician : How many lines do you read on the chart?
Patient : Where is the chart?
5. Sharmila : Hey, look out! you have spilt all the oil on my dress.
Revanth : Not really, there is still some left in the container.
6. Rehan : There is something I can do that nobody else in my school can do. Not even my teacher!
Dad : What is that?
Rehan : Reading my handwriting.
7. Teacher : John, what would happen if there is the III world war?
John : That would be terrible. There will be another chapter in our history textbook.
8. Teacher : What are the leaders of American Indian tribe called?
Rajesh : Chiefs, M'am
Teacher : Good. Tell me what are the women called?
Rajesh : Miss - chiefs, M'am
9. Patient : Sir, I have memory loss. Give me some medicine.
Doctor : First, Give me the fee.
10. Rithik : What will your wife do, if she knows that you have won the 500 idly eating contest?
Pawan : She will not allow me to eat food for two days.

Y. Kousthubha, VII Orchids

Earth in Trouble

Humans now dominate the earth, and our activities are causing the planet irreparable damage. Car exhausts and factory chimneys choke the air. Agricultural chemicals poison rivers. Forests are fast getting destroyed as the countryside disappears under concrete. Global warming will occur and it will make the planet warmer by 40°C by the middle of the 21st century.

Global contrasts:

- The average person in the United States uses 34 kilojoules of energy per day.
- The developed world consumes three quarters of the world energy occupying just one quarter of the world.
- Barely 5% of the world's energy comes from renewable sources such as water, wind and sunlight
- Up to 7 million hectares of farmlands are lost every year due to soil erosion through over cropping.

J. Ajay, VII Daffodils

RITA'S story

N. Bhavya Kalyani
VIII IRISES

Once upon a time, in a town, there lived Rita with her stepmother. Rita's father died some time ago of cancer. Rita was very intelligent and a bright student. She was studying in the 8th class. Her stepmother stopped sending her to school and made her do the entire house work as she did not love Rita. But every other child in the street was going to school. Besides they were laughing at her. Rita felt so bad. And she stopped stepping out of her house fearing that everyone would laugh at her. One day, Priya came to visit her parents who resided next to Rita's house. She was studying B A in the town and she was also an intelligent student. The day, Priya heard loud shrieks from Rita's house. When she went to see what happened, she saw that the stepmother was scolding Rita severely. Priya was moved. She asked the stepmother, "why are you scolding her like this, Aunty?" Stepmother said 'Hey! Who are you to interfere in our family matters?' "I'm her friend" said Rita. She asked Rita what had happened. Rita said, "She is not allowing me to study." "So, this is the reason you are shouting at her. Why can't you allow her study, Aunty? She will bring good name and fame for you. And everyone would respect you for your support to your step daughter" said Priya. She gave good advice and convinced the stepmother to send Rita to school again. The stepmother asked Rita to forgive her and sent her back to school. And soon Priya and her family went back to their own house in town. Rita became an excellent student in class and every one in the society was praising her and her stepmother. And for every summer holidays, she was going to Priya's home. And she never forgot the help given by Priya.

So friends, your parents want you to study well and made many sacrifices to put you in a good school. Let us use this chance wisely and do well in life. Some people have no parents to make them study, and some parents cannot afford their children to study in a good school. We are all very lucky children to have parents who send us to school. So, please use this chance given by our good and great parents.

My Day

I am lily
I wake up early
I brush cleanly
I bathe quickly
I eat fast
I go to school daily
I complete the work regularly
I greet teachers respectfully
I listen to lessons interestingly
I play games regularly
I crack jokes naughtily
I eat with my friends joyfully
I go back home happily
I start licking a lolly
I go to bed early
I dream sweetly

Useful Quotes

Many quotes are very useful and give us good advice. There are countless quotes in English language. Many great people gave very useful quotes on different topics like friendship, success etc. Now let us know some of them

1. "Where there is a will, there is a way."

Meaning: Every difficulty can be solved. For every trouble, there is a way out.

2. "Every adversity can be tackled with wisdom."

Meaning: If we really have wisdom, we can easily come out of our problems and solve them easily.

3. "Greed leads us to sorrow."

Meaning: Do not be greedy; greed will always lead us to sorrows or miseries.

4. "Be what you are."

Meaning: Be satisfied with your position; do not be greedy or jealous of other's nice position and accomplishments.

5. "Old is gold."

Meaning: We should not underestimate the old people. Their wisdom is like gold. So, 'old is gold'.

Hatim and the treasure map

Once there was a man named Hatim. He was very courageous and brave too. He was a sailor. He explored many islands and seas. One day when he was walking on the sea shore he found a treasure map in a bottle lying on the ground. Hatim saw that it was a map showing the route to a great treasure. He gathered some sailors, a ship and started to sail to the treasure island. After ten days difficult journey, Hatim reached a big whirlpool which destroys every ship that comes in that way. Hatim thought of a plan. He jumped into the sea with a boat full of gunpowder and went to the eye of whirlpool. He lit the fuse and got well away before the boat exploded. The whirlpool vanished in the force of the explosion. Hatim started his journey again. Again after five days, in the sea he got struck in a storm. But he did not care. He moved on. After five days of stormy journey; he faced a big sea monster which looked like a dragon. The sea monster climbed onto the ship and tried to break it. But Hatim jumped on its head and slew it. He again started his journey. After fifteen days of journey, he reached the Treasure Island. The treasure was in the middle of the island. It was guarded by the most ferocious snake in the world. Hatim started fighting with it. It was a tough fight. At last Hatim killed the snake. He took the treasure and headed back to his town. But he took only half of the treasure for himself and distributed the rest to the poor people in his town. Now he is the richest person in his town.

Teachers

*All the teachers we always like.
They teach and guide us all the time.
They are like our mothers,
They treat us all equally,
And look after us with love,
They are gods of education,
And clarify all our doubts,
They bring out our hidden talents,
And help us in everything,
A teacher is a symbol of guidance,
Goodness and love are given,
A mother's like heart
A father's like caring
A brother's like inspiration
"She is a teacher!"*

My Favorite Hero

The popular conception of a hero is that he is a warrior who shows great courage and conquers kingdoms. But, I feel that those who relieve human suffering and work for the welfare of the human race are the greatest heroes. Swami Vivekananda is one of the greatest heroes of India and he is the man I admire most.

Swami Vivekananda is one of the makers of modern India. During long years of foreign rule the people of India were broken-spirited and most of them were sunk in ignorance. It was at this period of Indian history that Vivekananda drew attention of the people about India's glorious past and showed them that India's philosophy and religion still could inspire millions of people all over the world. His message electrified the whole country and that was, in fact, the beginning of a new life in India.

Vivekananda, Known as Narendranath Dutta in his worldly life, was born in a moderately affluent family in Calcutta. But after his father's death, he found life a hard struggle and was having a question, "What is god?" Nobody could satisfy him. At last he found in Rama Krishna Paramahansa, a man who could answer his question. He became his disciple and wandered all over the world. He was deeply moved by distress and poverty of our country and decided to fight these ills with all his strength. Then, he went to America to the Parliament of Religions. He addressed Parliament of Religions at Chicago, and everybody became amazed after listening to his speech on Indian philosophy and religion. He became a world famous man. By listening to his speech, many people became his disciples.

Swami Vivekananda founded a new order of monks called the Rama Krishna Mission. These monks live of service and sacrifice. They have kept Ramakrishna and Vivekananda's ideals alive. The name of Rama Krishna Mission is today a household word in India and abroad. The message of Swami, "The true essence of religion lies in the service of man," has captured my imagination. We should always follow his advice and serve the suffering multitudes of the world.

Aritri Chatterjee , VII Daffodils

Did You Know....

1. The saliva of a vampire bats contains an anticoagulant, which prevents blood clotting. Actually, vampire bats drink blood.
2. Ice land is a country in the North Atlantic Ocean, which is entirely formed of volcanic rock.
3. Ian and Greg Chappell of Australia were two brothers who scored centuries in the same test, that too thrice.
4. Pali was the Indian language, in which the Buddhist literature was written. This is extant in Burma and Thailand.
5. Jellyfish is not a fish but an invertebrate marine animal.
6. U.S. flag has 50 stars to represent each state. It also has 13 stripes to represent the 13 original colonies.
7. Steamboat Willie was the movie in 1928, in which Mickey Mouse first appeared.
8. The 7 spikes on statue of Liberty represent the Sun, 7 seas and the 7 continents.
9. Which mammal laying eggs is also known as duckbill? Platypus.
10. The praying Mantis is the insect whose fore legs are held together as if in prayer.

Last Parent Teacher Meeting for the Academic year 2013-14

The fifth and the last parent teacher meeting for the academic year 2013-14 was held on Sunday, 16 March at the school. Large number of parents attended the meeting and discussed the performance of their children with the class and subject teachers. These meetings serve to give valuable feedback to the school as to how effective the teaching is and how well the school is doing its job of educating the children. Points given by the parents were carefully noted and brought to the attention of the Principal as well as the Hon. Correspondent, by the teachers. Action was immediately taken on the relevant points to ensure that there must be no gap between what we promise and what we do at the school.

DRAWING COMPETITION

A drawing competition was held on 10 March 2014 by Bank of Baroda, Ongole branch in two categories. The first subject was "Dance forms of India" for juniors and the second was, "Scene of a Modern Bank Branch," for seniors.

Students from our school participated in the competition and were awarded prizes. The selected drawings are being sent to the Regional Office of the bank for the further evaluation. The list of winners is

Dance forms of India

1. A Sowmya- VII Daffodils
2. T Sai Harshith- VI Irises
3. K Amrutha- VII Daffodils

Scene of a Modern Bank Branch

1. G Sri Vidya- X Irises
2. V L S S Tejaswi- X Irises
3. K Sai Dhruuti Varna- X Daffodils

The school congratulated the winners and Mr. Sugun Raj, drawing teacher, who prepared the teams.

Honey Bee Culture

Mr. China Babu of Anandapuram Village gave students from class IX and X a short course on Honeybee culture and production of honey. This was done on 28th of March 2014. Mr.China Babu has over 30 years of experience in bee culture. He has taught this subject to many people over these years.

Honey is very good for eyes and eye sight, it heals wounds, reduces effects of poison. Honey is an essential ingredient to administer many ayurvedic and homoeopathic medicine. The students enjoyed the activity and handled the honeybees without fear. The School will involve interested students in handling the honeybee hives in the School.

Our Prayer

May my mind be always given to the spirit of enquiry
and learning;

I'll never let my eye of reason be blinded
by dry and dead habit and superstitions;

I do not let my mind be subject to narrow and ugly prejudices
of class, caste, creed, religion and nationality;

I love my country and strive to realize the ideal of being
a world-citizen;

I always act toward others, as I desire them to act toward me;

I do nothing that will bring discredit
on myself, my teachers or my fellow pupils.

May my mind be without fear and my head always held high;

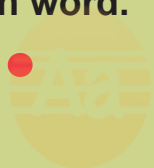

I will strive at all times to keep my school a lovely and
happy place,

so that all of us may be proud of it.

This is my solemn pledge and soul's prayer!
